

ANIMATION ACADEMY

Animation and Visual Effects (VFX) industry bears exceptional promise of growth, supported by the latest technological advancements. It is steadily gaining acceptance, with the Indian talents poised to rub shoulders with their global counterparts. The Government of West Bengal in the IT & Electronics Department plans to set up an Animation Academy, which will train more than 300+ animation professionals annually. An 8,500 sq ft campus in Sector V Salt Lake has been earmarked by the Government. A notice inviting expression of interest has been published recently inviting applications from experienced partners.
